Access Towers

Buffalo Board for access towers in 9mm mesh 1 or 2 sides, sizes 610 x 1803mm, 610 x 2388mm, 610 x 2940mm, 540 x 2500mm, 1220 x 2440mm, 1525 x 3050mm and other cut sizes to order. We also supply 12mm for the kick boards again to order.

Buffalo Board is the industry standard product for access towers. We can also offer Hexa-Grip, Koski-Crown and Finndeck.

Buffalo Board Specification

Product:: Birch throughout plywood faced one side with a large dark brown mesh pattern phenolic film face, smooth reverse, Exterior WBP. Edges sealed

Surface Coating: 120g/m² standard, 220g/m² available on request.

Taber Value: 250-300 Revolutions (for 120g)

Gluing Classes: SFS 2415/type Ext, BS 6566 Part 8/type WBP, DIN 68705 Part 3/type BFU 100, EN314-2/type Ext.

Buffalo Board and Pinja stain are available FSC certified to order.

Hexa-Grip, Koski-Crown, Finndeck and Koski-Carat are PEFC certified.

Access Work Platforms

For work platforms again we offer the Buffalo Board in large mesh 1 side. The standard stock here is with dark brown smooth reverse, but we can offer with a white reverse (or other colours) for greater light reflection to order.

Sizes available are 12, 15, 18, 21mm in 1220 x 2440/2500mm, 1525 x 3050mm and other thicknesses/sizes available to order. We also supply Koski-Carat, Hexa-Grip, Koski-Crown, Buffalo 501gm, Finndeck and Gripdeck (skydrol resistant).

Stages

Staging applications prefer a black faced panel for which we supply the black stained Birch plywood. This is suitable for either the top side, reverse or both and can be offered as required. We can also have the boards tongued and grooved for easier fixing if preferred. 18mm 1220 x 2440 is the standard size but again other sizes/thicknesses are available. This product is only offered ex-mill so there will be a minimum quantity and lead time. Buffalo Board, Hexa-Grip and Koski-Carat are also widely used in this application.

For temporary modular staging we again offer the Buffalo Board in 9mm 370 x 2500mm, 470 x 2440mm, 1220 x 2440mm & 1525 x 3050mm other sizes/thicknesses available to order.

Pinja Black Stain Specification

Product:: Black stain 1 or 2 sides on Birch throughout plywood, Exterior WBP. Other stain colours available on request including grey.

Thickness: 18mm other thicknesses available on request.

Sizes: 1220 x 2440/2500mm, 1250 x 2500mm and 1525 x 3050mm. Other sizes available on request.

Gluing Classes: SFS 2415/type Ext, BS 6566 Part 8/type WBP, DIN 68705 Part 3/type BFU 100, EN314-2/type Ext.

Marquee Floors

We also supply the Buffalo Board to fit/repair cassette flooring systems in marquees. 12 & 18mm in 1220 x 2440/2500mm other sizes/thicknesses available to order, again Hexa-Grip, Koski-Carat, Finndeck and Koski-Crown can also be offered.

Also available for Marquee Floors and Staging, Wisa Wire F, a Class 1 Fire Retardant mesh phenolic coated Birch panel and Shimmerdeck an attractive range of UV stable coloured PVC faced boards both of these on Birch throughout plywood.
